

This is not a Python class

- Ask for help
- Search in fora (Stackoverflow)
- Learn how to process language
- Polish ML skills (for language)
- Do not wait until the last moment if you don't understand course material
 - Ask away!
- Go over the Labs every week
 - You'll build valuable skills to succeed in the Final Project assignment

- Live sessions:
 - Discussion of Comments in Lectures
 - **Comments due before each live session starts!**
 - Answer questions. Further explanations
